Description

Sapphire Float is a glossy, denim-blue glaze with a wispy white rutile float, that breaks a green-gray color over texture. The rutile float dramatically flows with texture and forms beautiful naturally flowing patterns.

The Potter's Choice glaze series was designed with the potter in mind! These stunning glazes add fluid colors and effects to smooth or textured ware, with optimal results at Cone 5/6. To use these glazes is to step into different ceramic glaze traditions of many cultures throughout history.
