Description

The sandy, dark brown tones of River Rock feather into a beautiful ebony before breaking into a rich amber when applied over texture. Subtle green-grey honeycomb shapes appear underneath the amber breaks when this glossy glaze is applied on vertical surfaces.

The Potter's Choice glaze series was designed with the potter in mind! These stunning glazes add fluid colors and effects to smooth or textured ware, with optimal results at Cone 5/6. To use these glazes is to step into different ceramic glaze traditions of many cultures throughout history.
