Description

High quality brushes for an extensive choice of glazing and decorating styles

Versatility and range

With 6 different brushes, ranging from fine calligraphy brushes through to a 1 inch hake brush, this kit provides an extensive range of glazing and decorating options for the beginner and professional alike.

Economical and convenient

Creating the perfect artistic project means having just the right brushes. This multi-purpose brush kit is an economical, convenient and easy way to purchase brushes for almost any style of surface decoration for your ceramic pieces. A great option for teachers or anyone needing to stock a studio!

Good housekeeping and care

Good housekeeping and care will ensure your brushes last as long as possible. Before your first

application we recommend gently handwashing the brush in a mild solution of soap and water, rinsing, then flicking excess water off the brush. Be sure to store them away dry – do not leave them soaking in liquid for an extended period. Work any colour out with running water and massaging the brush hairs with your fingers. Brush hairs should always be left to dry in the shape you want the hairs to be, ready to use the next day.

Dimensions: Brushes are 21-23cm long with a variety of heads
