Description

Sea sponge (large 4") – a versatile addition to your pottery studio

Durable and absorbent

Our sea sponges come in three convenient sizes - 2", 3" and 4". All of them are naturally durable, absorbent, and enable potters to add interesting texture to their ceramic surfaces. This small 2" sea sponge is also a great size for getting into small, hard to reach nooks and crannies.

Create a unique look

The natural texture of sea sponges make them perfect for using to create sponge ware - sponge on underglazes, glazes or other colourants to your ceramic surfaces for interesting and vibrant effects.

Creative versatility

Sponges are the classic workhorse in every pottery studio. Use them for adding or removing

water to your clay, smoothing and refining, cleaning off excess glaze, or making sponge decorations on your pieces.
