Description

Take your wheel-throwing to the next level with the aid of these beautiful, handmade wooden throwing sticks - available in two sizes.

Advance your pottery throwing skills

These wooden throwing sticks are versatile tools designed to aid you in shaping deep, bellied wheel thrown pots blending into narrow necks, such as bottles and vases.

Comfortable and ergonomic

These throwing sticks are made from hardened wood and are polished to a satin finish. This is to ensure a smooth and comfortable surface to give you a secure grip and maximum control.

Versatile size and length

Choose from two different lengths and head sizes, or take one of each, giving you the versatility in throwing larger, taller pieces as well as smaller, narrower ones.

Large throwing stick: 330mm length, 40mm head radius, 70g weight

Small throwing stick: 220mm length, 22mm head radius, 15g weight
