Description

Create smooth flowing strokes of glaze, slip or wash on your ceramic surfaces with goat hair bamboo hake brushes.

Beautiful, flowing strokes

Hake brushes are ideal for the smooth, even application of glaze, slip and washes. It can hold a good amount of glaze or liquid and is perfect for applying nice, flowing strokes, or applying a lot of liquid onto a large surface.

Traditional and handmade

These hake brushes are made with soft, goat hair and a long, flat handle made from bamboo. The handle is 10cm long, the goat hairs are 4.5cm long and the brush is 5cm wide.

Easy care instructions

These brushes are traditionally handmade, and it is not unusual for some hair to shed especially in the first few applications. Before your first application we recommend gently handwashing the

brush in a mild solution of soap and water, rinsing, then flicking excess water off the brush. Be sure to store them away dry – do not leave them soaking in liquid for an extended period.

Dimensions: 14.5cm x 5cm
