Description

Handmade boxwood ribs for elegant shaping and refining on the wheel

Versatile shape

This boxwood shaped rib (PR0104) features a combination of straight edge, and curved edges, providing versatility to the potter. Our boxwood ribs come in a variety of other shapes and sizes, enabling you to pick the best ones for your projects.

Quality handmade

These ribs are handmade from fine boxwood and polished for extra refinement. The sides are polished smooth and the edges are tapered rather than square so you can use them at any angle. This rib has a rounded edge on one of the curved sides, which is good for pushing out and shaping a clay wall. All of the ribs have a comfortable size and weight and fit nicely in your hand, giving you the best of both comfort and control for use over a longer period of time without strain.

An essential tool for every potter

Our boxwood ribs come in a variety of shapes, giving you the most versatility for shaping the curves and edges of your pottery projects whether they are large or small. They are the ideal tool for using to open, shape, carve and smooth wheel thrown forms, and can also be used to refine hand built

forms.
