Description

Take your wheel-throwing to the next level with the aid of these beautiful, handmade wooden throwing sticks - available in two sizes.

---

### **Advance your pottery throwing skills**

These wooden throwing sticks are versatile tools designed to aid you in shaping deep, bellied wheel thrown pots blending into narrow necks, such as bottles and vases.

### **Comfortable and ergonomic**

These throwing sticks are made from hardened wood and are polished to a satin finish. This is to ensure a smooth and comfortable surface to give you a secure grip and maximum control.

### **Versatile size and length**

Choose from two different lengths and head sizes, or take one of each, giving you the versatility in throwing larger, taller pieces as well as smaller, narrower ones.

---

Large throwing stick: 330mm length, 40mm head radius, 70g weight

Small throwing stick: 220mm length, 22mm head radius, 15g weight
